Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Developing TESOL pedagogies of all staff utilising a functional approach to English language learning in meaningful contexts.
- Implementing a workplace reform for two 0.5FTE Head of Department positions and provide staffing for curriculum planning release time.
- Developing and refining the school’s curriculum to meet the needs of current students and their future learning pathways.
- Utilising targeted intervention strategies for students having low levels of English language literacy and numeracy and those with disabilities.
